

# Computer Science Education Week

December 4 - 10th, 2023

Run an Hour of Code during Computer Science Education Week, an annual event to get students excited about CS! CodeHS offers all the resources needed to celebrate for K-12.

## How to Run a Hour of Code Webinars (For Teachers)

These 45-minute webinars cover our free hour-long tutorials on CodeHS, how to pick the right tutorial for students, and tips on hosting a successful workshop. Teachers can RSVP today at [codehs.com/freepd](https://codehs.com/freepd).

## On-Demand Hour of Code Workshops (For Classrooms/Students)

Our virtual on-demand workshops include a short introduction followed by guided support through a CodeHS lesson. Teachers can select their favorite workshop at [codehs.com/hourofcode2023](https://codehs.com/hourofcode2023).

Workshop	Grade Levels
Generating Art with Code	Middle & High School
Coding in Music	Middle & High School
Design a Drawing App with Scratch	Upper Elementary
Creating Virtual Worlds	Middle & High School
Turtle Graphics with Tracy the Turtle	Middle & High School
Program a Story in ScratchJr	Lower Elementary
Adaptations and Survival Camouflage	Lower Elementary

## Hour of Code Tutorials

Access over 20 free hour-long tutorials and lesson plans at [codehs.com/hoc](https://codehs.com/hoc) including Coding for Art, Building Mobile Apps, and much more.
