

FOR K-12 CS AND TECHNOLOGY EDUCATORS

Free CodeHS Professional Development in Nebraska

Through a partnership with the Nebraska Department of Education, CodeHS is proud to offer virtual and in-person professional development to K-12 computer science and technology educators across the state of Nebraska.

Free PD for K-12 Computer Science Educators

CodeHS PD is designed to empower teachers, new or experienced, with the skills, pedagogical knowledge, and confidence to teach high-quality computer science courses.

Visit codehs.com/nebraskapd for scheduled events.
