

CodeHS | RaiseMe Partnership

Earn scholarships after completing a course on CodeHS!

CodeHS is proud to partner with RaiseMe, a platform that helps 9-12th grade students prepare for college by earning micro-scholarships for their achievements in high school, to support your students on their path to college!

RaiseMe

Any CodeHS student who completes the AP Computer Science Principles or AP Java course can submit their coursework on RaiseMe.com to earn a scholarship for their academic achievements on our platform!

How It Works

1

Sign up for RaiseMe

Create a free RaiseMe account in minutes (or log in to your existing account) at Raise.me.

2

Add CodeHS to your RaiseMe portfolio

Enter the CodeHS AP classes you've taken or are currently taking into your RaiseMe Portfolio. While you're there, add in your additional high school achievements!

3

Discover colleges

Learn more about which colleges could be a great fit for you, earn for your CodeHS AP class, and see what micro-scholarships they're offering. Share that you're interested by hitting the "Follow" button (for each school).

4

Earn college scholarships!

For your CodeHS classes, plus your other classes and activities, you'll earn scholarships from colleges, the sum of which you'll be awarded when you attend that college.
