ESSER Stimulus Funding

Your district can use ESSER funding to purchase CodeHS Pro this year.

ESSER Funding Overview

With the Elementary and Secondary School Education Relief (ESSER) fund, Congress has allocated \$190 billion to districts. The funds can be used for different elements of education offerings, including education technology.

How To Access ESSER Funding

ESSER III applications are due June 25th, 2021 and allocations are expected to begin release in April, 2022. Your district may already be submitting or have access to this funding. For more information, the U.S. DOE has provided an ARP ESSER [fact sheet](#).

Next Step:

Contact the CodeHS Team at codehs.com/learnmore to discuss how ESSER funds can be implemented in your district's computer science or CTE program.
