Fall 2022 Praxis Computer Science Preparation Course for Wyoming Teachers

In Partnership with the Wyoming Department of Education

CodeHS is partnering with the Wyoming DOE to host free, in-depth professional development cohorts to prepare Wyoming K-12 teachers to take the Praxis Computer Science Exam.

Praxis Computer Science Prep Course Overview

This course will take place from October 18th to January 31st on Tuesdays starting at 4pm MT.

The course is delivered within a 14-week cohort model where teachers work through the course at the same pace via the CodeHS platform. The following supports and course materials will be available:

- Scheduled live lessons and Q&As
- 1:1 help sessions with a CodeHS PD Specialist
- Support on all CodeHS coding and free response exercises
- K-12 computer science teacher networking across Wyoming
