

Spring 2023 Praxis Computer Science Preparation Course for Wyoming Teachers

In Partnership with the Wyoming Department of Education

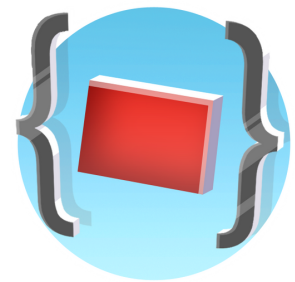

CodeHS is partnering with the Wyoming DOE to host free, in-depth professional development cohorts to prepare Wyoming K-12 teachers to take the Praxis Computer Science Exam.

Praxis Computer Science Prep Course Overview

This course will take place from February 2nd - May 18th on Thursdays starting at 4pm MT.

The course is delivered within a 14-week cohort model where teachers work through the course at the same pace via the CodeHS platform. The following supports and course materials will be available:

- Scheduled live lessons and Q&As
- 1:1 help sessions with a CodeHS PD Specialist
- Support on all CodeHS coding and free response exercises
- K-12 computer science teacher networking across Wyoming
